Wetland Trail - 1/4 mile, requiring moderate energy. Travel from the parking area through a field often blanketed with Daisies and Black-eyed Susans to the lower wetlands.

Piney Wood & Homestead Trail - 200 yards, requiring low energy. This shortest Park trail leads from the entrance drive to a forest of White Pine, Red Spruce, Norway Spruce, and Scotch Pine planted by Boy Scouts in the 1940's.

Link Trail - Part of the North Country Trail System. Hikers from as far away as North Dakota can traverse this national path as they visit New York and travel southward toward the Allegheny Mountains and the Appalachian Trail. The Art Park section of the Link Trail opened in June 2000 and requires active energy.

Old Quarry Trail - 1/2 mile, requiring moderate energy. The Trail circles a farmed field with a splendid view. From the east edge, walkers can see an 1800's quarry used for building many of the historic shops on Albany Street in the Village of Cazenovia.

Vista Trail - 1/3 mile, ADA accessible walk requiring minimal energy. From the Vista Trail many pieces of sculpture can be seen and enjoyed.

Woodland Trail - 1/4 mile path, requiring moderate energy. Travelling with the Link Trail, this path loops away from the Vista Trail and wanders through a forest of mixed ash and deolduous maple.

Secret Garden Trail - 1/3 mile trail, requiring moderate energy. Originating on the Vista Trail, this hike leads down the hill, through a meadow of wild-flowers into a hidden garden

STONE QUARRY HILL ART PARK
